

# Cleaning & Disinfection

Swift and efficient  
turnaround following  
routine and emergency  
maintenance

Our specialist cleaning, inspection and repair services have set new benchmarks in speed and excellence. We are unrivalled in fast, safe and effective cleaning and disinfection.

- We provide expert staff, specialist equipment and cleaning materials from bases throughout the UK
- We are dedicated to the potable water environment
- We operate:
  - standard washdown and chlorination
  - non chlorine PM33
  - Fe + Mn Biofouling PM55
  - emergency de-contamination Pm88
- All of our services crews have personal training accreditation EUSR and are medically certified
- One of our 3 man teams is capable of cleaning up to a 20 megalitre service reservoir in one day

## EMERGENCY RESPONSE

Our 24 hour, 365 days-a-year emergency service is on hand to counter the effects of flooding, serious pollution, vandalism and terrorism
